

Why Should You Join the Carpenter's Club?

There are no club meetings
There are no secret handshakes
There are no bylaws
You won't have to wear a funny hat
You won't have to join a committee
You won't hit your thumb with a
hammer
Your contributions are tax
deductible

You will help home ownership
become a reality for those who
could not otherwise afford a
simple, decent, safe and affordable
home to own.
